

Flower Press Interactive Wins a 2024 Netty Award

Flower Press Interactive recognized for Best User-Centric Design in a Web App

Washington, May 2024 – Flower Press Interactive is pleased to be recognized by The Netty Awards for Best User-Centric Design in a Web App for Common Sense Privacy, an AI-powered web app to help companies manage data privacy regulations.

The Netty Awards celebrate achievements in the digital landscape, honoring top companies and leaders across more than 100 distinct categories. It sets a benchmark for excellence and is a testament to the winners' creativity, innovation, and technical prowess. Netty Awards recipients are selected based on several factors including creativity, technical proficiency, innovation, and overall excellence in the respective field. Flower Press Interactive's win affirms the hard work, innovative thought, and dedication put into Common Sense Privacy.

Established to celebrate achievement in the digital age, the Netty Awards are one of the most trusted accolades in the industry. Recognizing excellence across over 100 unique categories, the awards honor top leaders and companies demonstrating creativity, technical proficiency, innovation, and overall impact.
